# GOLF COURSE MODIFICATIONS

Caves Valley Golf Club completed a major renovation in 2023 that has enhanced its design and elevated its agronomic resilience to the demanding August weather. This project included:

- Reconstruction of all greens with strategic contour modification.
- Reconstruction of tees not included in previous course renovation.
- Re-grassing of fairways with additional drainage installation in landing zone.
- Repositioning of select bunkers to enhance course strategy.
- Re-grassing of large areas of the primary rough with a mixture of tall fescue and Kentucky bluegrass to improve stand density at the elevated mowing height.

## Notable Hole-by-Hole Course Modifications

### Hole 1

- Extended to a 481-yard par 4 (previously 365 yards).
- Green relocated to the former Hole 2 teeing ground.
- Fairway shifted to players' left in accordance with green.

### Hole 2

- Tees shifted forward and to the players' right converting hole back from a par 5 to a 525-yard par 4 (original design of the hole was a long par 4).
- Right fairway edge brought in and expanded the landing area left.
- Left greenside bunker removed and green enlarged and reshaped.

### Hole 5

- New green complex which moved left adjacent to creek and wetland area.
- 3 new fairway bunkers added to surround the fairway landing area.
- Fairway shifted left in accordance with the green.

### Hole 6

- Tees relocated left across the wetland.
- Green repositioned further back (no yardage change from 2021).
- Installation of player shuttle road from 6 green to 7 tees.
